Qingdao Lolin Mech Inc.

➤ Lolin is OEM supplier for forgings and castings since 1990. Our products service the industries of construction machinery, agricultural machinery, railway system and heavy duty trucking system. All of these parts are under the supervision of our experienced QC team.

➤ The number of employees in last 3 years (2018/2019/2020) is as below:

◆ Qingdao office: 15

◆ Forging workshop: 200

◆ Cast Iron Foundry: 500

➤ Lolin's main Markets: Europe/US/Japan

➤ Reference customers : ThyssenKrupp / Terwa / Kubota/TEREX GROUP/,KITO/

WEBERHYDRAULIK/ , Getriebbau NORD/, LEMKEN/, KVERNELAND/, WESTFALIA AUTOMOTIVE ./
CATERPILLAR/, LINAMAR/ ETC.

INTRODUCTION OF FORGING WORKSHOP

➤ **General Information**

◆ Maximum Capacity: **3,000 Tons / Month**

◆ Main Products:

Forging parts for automotive ,construction machinery and railway system.

Unit weight: 0.1-80Kg per piece

Material: CARBON STEEL/ALLOY STEEL/STAINLESS STEEL

◆ Main Forging Equipments:

From 160T to 1000 T, 2500 ,4000T total 12 units forging press.

◆ Test & Lab Devices:

12 units of corresponding instrument including chemical analysis instrument, hardness tester, strength tester, metallographic microscope, magnetic power inspection machine, etc.

◆ Certification: **IATF 16949** certificate.

➤ **Main Equipments of Forging:**

Forging Line

4000T Hot Die Forging Press Line

2500T Hot Die Forging Press Line

➤ Main Equipments of Heat Treatment:

Continuous Quench & Temper Heat Treating Line

Carburizing Furnace

Well-Type Tempering Furnace

➤ Main Equipments of Tooling & Machining:

CNC Machines

Machining Centre for Auto Parts

CNC lathe

Electric processing equipment

➤ Main Equipments of Testing:

Magnetic Particle Inspection Machine

Pull-test Machine

Fatigue Testing Machine

CMM

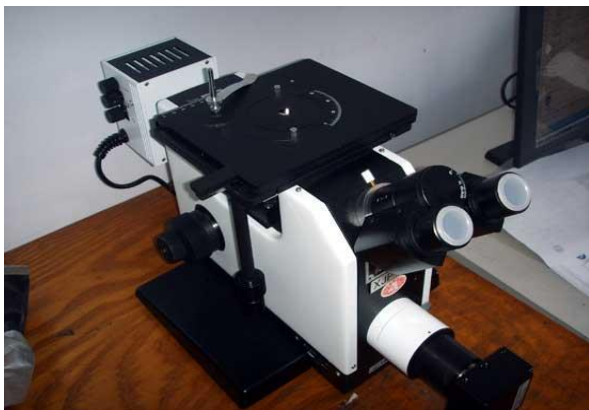

Brinell / Rockwell Hardness Tester

Salt Spray Chamber

Metallographic Analysis Instrument

Impact Tester

➤ **Typical products producing now:**

◆ **Parts for general machinery**

◆ Industrial Slings & Riggings and the Series Products

◆ Train、Auto Accessories

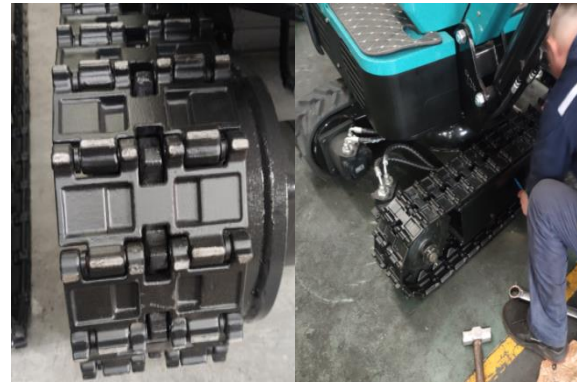

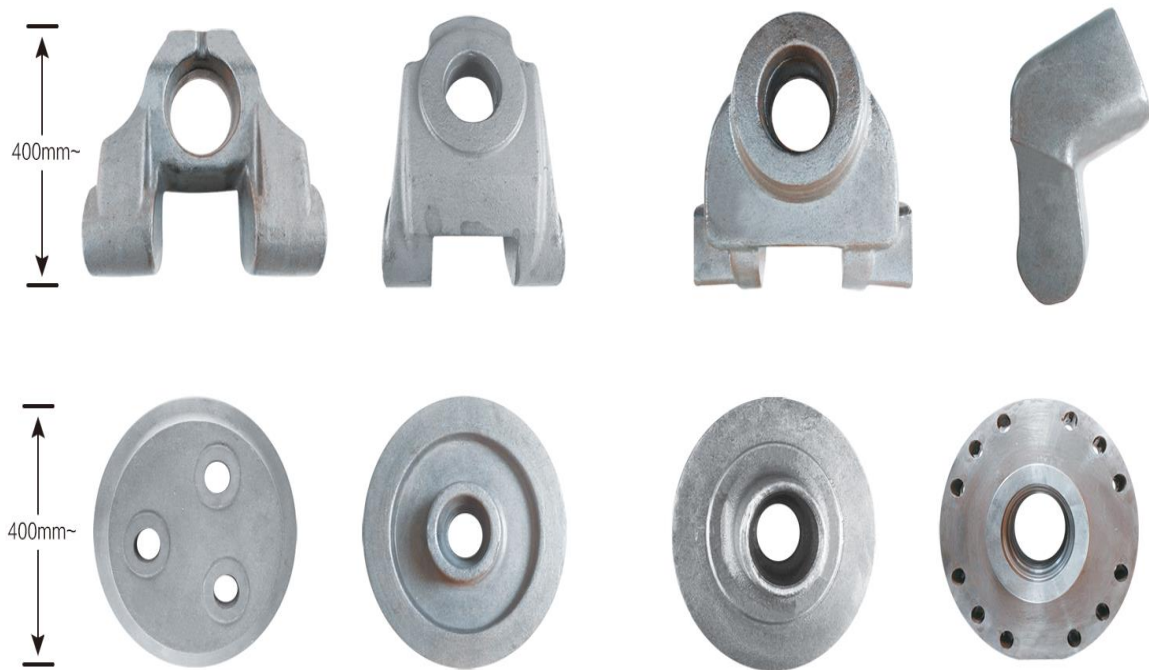

◆ UNDERCARRIAGE COMPONENTS

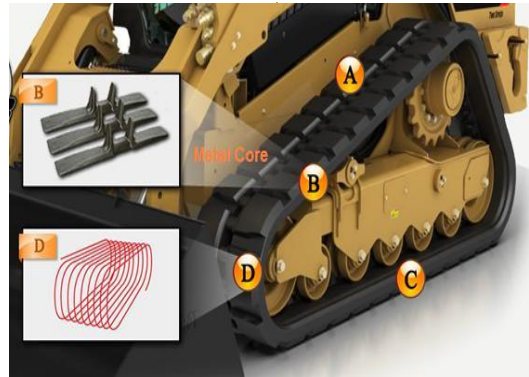

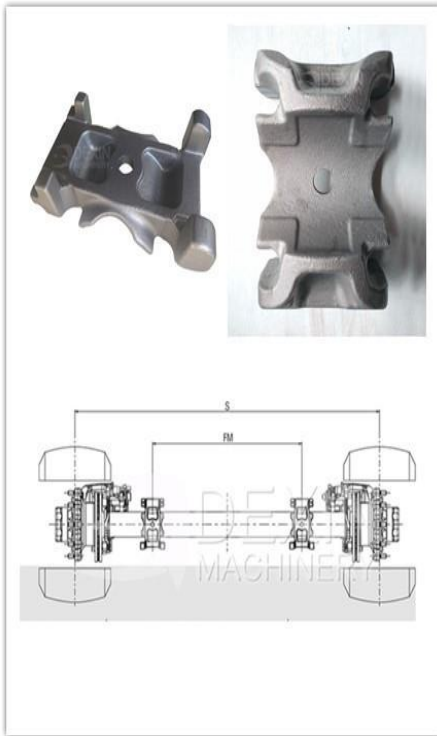

◆ COMPONENTS FOR CONSTRUCTION MACHINERY

◆ COMPONENTS FOR CONSTRUCTION MACHINERY

◆ COMPONENTS FOR CONSTRUCTION MACHINERY

◆ COMPONENTS FOR CONSTRUCTION MACHINERY

COOPERATIVE CUSTOMERS

QINGDAO LOLIN MECH INC.

The Kubota logo features the word "Kubota" in a stylized, rounded font. The letters are green, with the "K" and "u" being a darker shade and the "b", "o", "t", and "a" being a lighter shade.The KITO logo consists of the word "KITO" in a bold, black, sans-serif font.The Kverneland logo features a green stylized leaf icon to the left of the word "Kverneland" in a red, sans-serif font.The LEMKEN logo features a blue circular icon with a stylized "L" to the left of the word "LEMKEN" in a blue, sans-serif font. Below "LEMKEN" is the tagline "The Agribusiness Company" in a smaller, italicized font.The NORD DRIVESYSTEMS logo features a black gear icon with the word "NORD" in a bold, black, sans-serif font inside the gear. Below the gear is the word "DRIVESYSTEMS" in a smaller, blue, sans-serif font.The SAINT-GOBAIN logo features a stylized graphic of a building or structure in blue and red, with the words "SAINT-GOBAIN" in a blue, sans-serif font below it.The SELZER logo features a blue and white stylized icon to the left of the word "SELZER" in a bold, black, sans-serif font.The TADANO logo features a blue and black stylized icon to the left of the word "TADANO" in a bold, black, sans-serif font.The WEBER-HYDRAULIK logo features a blue stylized icon of a hydraulic cylinder to the left of the words "WEBER-HYDRAULIK" in a blue, sans-serif font.The westfalia AUTOMOTIVE logo features a red circular icon with a white horse to the left of the word "westfalia" in a bold, black, sans-serif font. Below "westfalia" is the word "AUTOMOTIVE" in a smaller, blue, sans-serif font.The YANMAR logo features the word "YANMAR" in a bold, red, sans-serif font.The CAT logo features the word "CAT" in a bold, black, sans-serif font, with a yellow triangle below the "A".The KOMATSU logo features the word "KOMATSU" in a bold, blue, sans-serif font.
